National Child Development Study (GN 33004)

Additional Agreement on Conditions of Use

Confidentiality

I agree not to use nor attempt to use the Data Collections to identify the individuals from which the study sample was selected, nor to claim to have done so.

I agree not to link between the research identifiers supplied by ESDS [NCDSID] and any other identifiers previously issued.

Where I have obtained an earlier version of the National Child Development Study data, I agree not to undertake any analysis using any of the variables contained in the following data files:
